EDUCATION

Ambalika Institute of Management and Technology

2020 - 2024

Bachelor of Technology Computer Science and Engineering

Rani Laxmi Bai Memorial School

2019 - 2020

Intermediate School (CBSE)

WORK EXPERIENCE

Essentia.dev | SDE Intern

August 2023 - December 2023

- Directed the seamless deployment and tailored configuration of open-source ERPNext software modules and layouts within a robust production environment on **Amazon EC2**.
- Employed **Docker** and **Nginx** to elevate the efficiency and precision of the company's business processes, meticulously fine-tuning resource allocation.
- This strategic integration streamlined operations, enhancing overall performance with an optimized workflow.

PROJECTS

CodeCampus [↗](#) | *React.js, Bootstrap, Javascript, Firebase*

March - April 2023

- An online learning website for my college to help students learn how to code and enhance their skills.
- Frontend:** Used **React** and **Bootstrap** classes for creating frontend.
- Used **Firebase** for Login functionality and deployment.

Contact Manager [↗](#) | *React.js, Bootstrap, Node.js, Express.js, JSON*

February - March 2023

- Contact manager app which can store contacts information where user can do **CRUD** operations on their contacts.
- Frontend:** Used React and Bootstrap classes for creating frontend.
- Backend:** Used Node and Express to create back-end. Used JSON-server to setup a REST API for creating the database to allow users to create, edit, view and delete the contacts.

TextUtils [↗](#) | *React.js, Javascript, Bootstrap*

January - February 2023

- TextUtils is a utility website which can be used to manipulate your text in the way you want.
- Frontend:** Used **React** and **Bootstrap** classes for creating frontend.
- Implemented Dark mode feature in the website.
- Deployed the website using Github pages.

TECHNICAL SKILLS

Languages: C++, C, HTML, CSS, JavaScript, SQL

Technical Courses: Web Development, Data Structures and Algorithms

Technologies/Frameworks: React.js, Node.js, Express.js, MongoDB, Bootstrap, Git/GitHub, VS Code

ACHIEVEMENTS

- Achieved the **Leetcode 100 days badge** which only **3%** of Leetcoders have won for the continued commitment in solving problems for more than 100 days in 2022.
- Achieved **2 star** and a highest rating of **1516** at **CodeChef**.
- Solved **390+** Questions at [GeeksforGeeks](#) [↗](#)

MENTORSHIPS

- Codonfest** - Mentee at the Codonfest mentorship program where I got the opportunity to get one on one mentorship from the mentors.
